

## Estero Culinary's Mission

To incorporate safe, healthy eating habits and proper culinary techniques to the students. To provide students the necessary tools sustainable healthy eating.

### Farmer's Market

Students gain practical experience working with the public. An emphasis on safety and sanitation, knife skills and social interpersonal skills are also obtained.

### Opportunities

Farmer's markets, charity events, food festivals, catering, private parties, school functions, private cooking classes, demonstrations, & competitions.

# Estero High School Culinary Program

## Sustainability

### The "Farm"

100 pot, drip irrigation plot which provides the program with many varieties of fruits and vegetables.

### The Towers

Aeroponic towers which showcase vertical, high yield gardening.
